With the strikes going on, Namita organized a local volunteer, Raju, to conduct a site visit in CW 41 (starting Oct 10). 2. Progress report received, however questions by Namita were not answered. 3. Publicity: Plan a visit of famous person to SACSAS → Namita and Rajdeep coordinate to invite him to the most-connected school. 4. First and second installments for all 3 schools transferred, Wangoo did not receive the second installment yet. <p data-bbox="425 709 493 745">LBP</p> <ol data-bbox="480 751 1406 1073" style="list-style-type: none"> 1. Site visit planned for 15th October; site visit form and ASER test will be used 3. “WORK AN HOUR” program is running end Sept-end Nov; if 3,500\$ or more is donated; Asha Global will double the amount (the doubled amount will be transferred to the Swiss account and can be used for any project). To be clarified: whether funds from the Swiss account can be transferred through the website (as local donors are more comfortable giving Swiss francs instead of US dollars) <p data-bbox="425 1115 505 1150">VMS</p> <ol data-bbox="480 1157 1192 1192" style="list-style-type: none"> 1. 	<p>2. Email by Vineet: <i>“I spoke with Anurabha (coordinator) and Ashutosh (president) today. They gave a positive report on the progress of two centres under this program. Right now the centres are going to hold Pooja celebrations. The students would receive school bags and uniforms. The classrooms have already got new benches. The dropout rate is low at 10% since the beginning of the half-year (130 students study at the two centres). Main reason is children sometimes work on Tea farms. They however try to speak with the parents on this topic. Anurabha would also be able to provide the record of students to us. Going fwd they want to open another such center in a nearby village.”</i></p> <p>3. Next step: send receipts of benches to Doris for reimbursement from IBM</p>
